

# European delegation

Organisation	Short profile	Website
Adetel	Our team of experts, design & software engineers and electro-technical technicians can help in the following sectors: railways, aeronautics, automotive industry, marine, spatial, industrial, medical, consumer, Information technology and Telecommunications.	<a href="http://www.adetelgroup.com">www.adetelgroup.com</a>
Circutor	Circutor offers to customer comfortable ways of control, improve and protect electric installations. CIRCUTOR solutions allow customers to design and offer complete Energy Management Systems.	<a href="http://www.circutor.es">www.circutor.es</a>
Cluster de la Industria d'Automoció de Catalunya (CIAC)	The Cluster of la Indústria de l'Automoció de Catalunya (CIAC) is a non-profit association open to the companies related to the automotive industry located in Catalonia with R&D activities	<a href="http://www.ciac.cat">www.ciac.cat</a>
Politecnico di Milano Dipartimento di Scienze e Tecnologie Aerospaziali,	The Department of Aerospace Sciences and Technologies (DSTA) of the Politecnico of Milan is the only university department in Italy to be exclusively dedicated to aerospace engineering.	<a href="http://www.aero.polimi.it">www.aero.polimi.it</a>
E-Mobil	E-Mobil is the innovation agency of the State of Baden-Wuerttemberg. They provide ongoing support for the process of technological and social change to electric mobility.	<a href="http://www.e-mobilbw.de">www.e-mobilbw.de</a>
ERAI	Created in 1987 at the initiative of the Rhône-Alpes Regional Council, ERAI is the region's spearhead for international economic development and the reinforcement of the attractiveness of Rhône-Alpes.	<a href="http://www.eraï.org">www.eraï.org</a>
Indura	INDURA is a French cluster dedicated to infrastructures. INDURA brings together companies, research centers and educational institutions in order to facilitate technological transfers and develop synergy and cooperation.	<a href="http://www.indura.fr">www.indura.fr</a>
Lombardy Energy Cleantech Cluster (LE2C)	Lombardy Energy Cleantech Cluster is the industrial cluster of Power Generation, transmission, distribution, energy efficiency and sustainable building.	<a href="http://www.energycluster.it">www.energycluster.it</a>
Mesit	Mesit is an engineering and construction company developed from experienced specialist group, established since 1970, to offer a set of engineering services tailored to cover the needs of a wide range of industrial applications.	<a href="http://www.mesit.com">www.mesit.com</a>
Plastipolis	Plastipolis is France's competitiveness cluster for the plastics industry sector. Plastipolis has more than 400 active members (industrial firms, R&D centers, universities, training centers, institutions)	<a href="http://www.plastipolis.fr">www.plastipolis.fr</a>
Robby Moto Engineering	Robby Moto expertise lies in solving the problems arising in the design and prototyping of any mechanical component, with a particular focus on internal combustion engines.	<a href="http://www.robbymotoeng.com">www.robbymotoeng.com</a>
Regner & Asociados SL	Develops and manufactures plastic components for the automobile and healthcare industries.	<a href="http://www.regnerasociados.com">www.regnerasociados.com</a>
Sices Group	SICES Group has acquired a reputation of reliability in the supply of pressure vessels, heat exchangers, skid mounted plants and boilers and in the erection and maintenance activities.	<a href="http://www.sicesgroup.com">www.sicesgroup.com</a>
Stuttgart University, Aviation Department	Uni-stuttgart offers aerospace engineering programs.	<a href="http://www.uni-stuttgart.de">www.uni-stuttgart.de</a>
